

## OUR SWEDISH DREAM

It's very hard if you want to build a life  
But it's worth it  
We gotta make sure that everything looks right  
We want it perfect

Both:  
We gotta paint in the fashion colors of the year  
New kitchen, new appliances will be right here  
The finest hardwood floors from foreign lands  
Custom furniture, everything made by hand  
In our Swedish dream - oh oh oh oh oh  
In our Swedish dream - oh oh oh oh oh

We watch the latest trends of gardening on TV  
Now we are planting  
Perennials, fruit trees, fresh cut grass and more  
All lined up perfectly

Both:  
We gotta have new windows and doors installed  
The coolest kitchen appliances we got them all  
Home sweet home, perfect neighborhood  
Everything working out as it should

Both:  
**Oh - in our Swedish dream everything is bright**  
**Oh - in our Swedish dream there's nothing left unclear**  
**Oh - in our Swedish dream we are building our home**  
**And the both of us will be safe**  
**In our Swedish dream**  
**In our Swedish dream**

Kristina: the bright and Nordic mixed with grains of gold from Egypt  
Thomas: the hand-painted tiles reminiscent of the Provence  
Kristina: the brick wall just gives it the right New York feel  
Thomas: and very soon we are there -  
Both: with the one I love

Both:

Ooh ooh ooh, ooh ooh ooh, ooh ooh ooh ooh  
Ooh ooh ooh, ooh ooh ooh, ooh ooh ooh ooh

Both:

Our beautiful wedding will be early in fall  
Bigger breasts, wrinkle free - we'll have it all  
Designer style wedding dress sowed by hand  
White, clean and perfect - do you understand

Both:

**Oh - in our Swedish dream everything is bright**  
**Oh - in our Swedish dream there's nothing left unclear**  
**Oh - in our Swedish dream we are building our home**  
**And the both of us will be safe**

In our Swedish dream - oh, oh oh oh oh
