

ROCK IN YOUR SHOE

**There is something that chafes
Like a rock in your shoe
It's nothing that's obvious
But it just makes you feel blue
Why should you complain?
Everyone has their "thing"
But you're pretty sure that
Your "thing" is not beneficial to you**

Oh, oh, oh, oh - feels like a rock in your shoe
Oh, oh, oh, oh - like a rock in your shoe
Oh, oh, oh, oh - feels like a rock in your shoe
Oh, oh, oh, oh - like a rock in your shoe

Dialog:

We Swedes we want to show that we are free thinkers.
We love everyone, beautiful or ugly.
The difference - it is, well at the most,
a little spicy. And being exotic is just fun!

**There is something that just chafes
Like a rock in your shoe
It's nothing that is obvious
But it makes you feeling blue
Why should you complain?
Everyone has their thing
But you are sure that your "thing"
Is not beneficial to you**

Oh, oh, oh, oh - feels like a rock in your shoe
Oh, oh, oh, oh - like a rock in your shoe
Oh, oh, oh, oh - feels like a rock in your shoe
Oh, oh, oh, oh - like a rock in your shoe

If there was an enemy - a dragon to fight
It would have been much easier, you never leave it outta your sight
If someone knocked you down in a racist rage
Then you could have acted, and get a little sympathy
Now you will be silent
Smile and be happy
Now you will be silent
Smile and be happy

Bridge:

So you live on and you try to fit in
You always seem to go that extra mile
You may compensate for something
But you're never satisfied
You can't accept the situation
You just want peace and happiness in your perfect world

**There is something that just chafes
Like a rock in your shoe
It's nothing that is obvious
But it makes you feeling blue
Why should you complain?
Everyone has their thing
But you are sure that your "thing"
Is not beneficial to you**

Oh, oh, oh, oh - feels like a rock in your shoe
Oh, oh, oh, oh - like a rock in your shoe
Oh, oh, oh, oh - feels like a rock in your shoe
Oh, oh, oh, oh - like a rock in your shoe
